Please read your Residents Handbook for full details about the proposed work and schedules to your estate and property.

Dear Resident

Welcome to the tenth edition of the Pullens Estate Newsletter. Southwark council are investing £5.3 million in improvements to your homes and the estate. A&E Elkins Ltd will provide these works as the long term partnering Contractors for your area.

WORKS DESCRIPTION AND UPDATES

Peacock St - Externally all works complete, Excluding Palisades.

Iliffe St 1-48 Externally all works complete. Excluding Palisades.

Iliffe Street 49-96 Externally all works complete, scaffold currently being dismantled

Crampton St – 56- 102 Externally all works complete. Excluding palisades.

Crampton St – 102-182 the repairs to the chimneys will commence on the 17th October, with the scaffolding starting to be dismantled W/C 28th November 2016.

Chimneys - Due to the chimneys being unstable at the moment, there may be occurrences where soot and dust fall down the chimneys into properties. This has happened in the past and may occur in the future. We would advise that to minimise any dust/soot, you cover fire places if they are still in use.

Amelia St – Scaffolding currently being erected.

If you are a ground floor occupier and have plants at the rear garden, please be aware that we will not be able to accept responsibility for these if they are damaged or die, due to lack of light. We will however be able to help you by moving them to the roof area if this is required. If you would like assistance with the moving of plants/garden items, please contact your resident liaison officers **Vicki Sheldon or Charmaine Dullard**

Whilst scaffolding is in place, the roof area remains part of a construction site. There will be '**Strictly No Access**' for residents during this time. If you have any plants that will need watering or property on the roof that you are concerned about, please contact your resident liaison officers **Vicki Sheldon or Charmaine Dullard**.

We will inform you once works have been completed and scaffolding is due to come down.

We work as part of the
**Considerate
Constructors Scheme**

For more information, please call
08007 831423 or visit the website on
www.ccscheme.org.uk

Building sites signify to the public that works are in progress, and this can sometimes result in bogus callers who will attempt to visit and gain entrance to properties by claiming to be involved in the works.

Please remain fully aware and vigilant of this possible security risk and always ask to see an identification badge.

If you are still unsure, please immediately contact our Resident Liaison Officer, any of our bonafide workmen will be more than happy to wait while you check.

Our ID badge provides details of the operatives name and position, and contain a photograph of the operative.

Authentic cards will clearly show the A&E Elkins logo.

If in doubt please call the RLO'S for verification or the Police.

For emergency repairs that need immediate attention, please call the Contact Centre on FREEPHONE 0800 952 4444 or 020 7525 2600.

All non-emergency repairs can be reported on the Southwark Council website 24/7.

<http://www.southwark.gov.uk/repairs>

IMPORTANT: Please be reminded to inform your insurance company that scaffolding has been erected around your building! If you do not, it may invalidate your insurance. Please also ensure that all windows and doors are secured before you leave your property. For properties that there is no scaffolding at present, the roof doors have been locked and residents will be issued with a key in due course.

Intrusive Window Surveys will commence on Amelia Street on Wednesday 9th November 2016. These involve intrusive inspections of woodwork, frame surrounds and window cills and may involve the removal of timber. A letter has been sent to all residents inviting them to attend.

Window works are currently being completed on blocks where scaffolding has been erected as above and will continue throughout the estate as we move forward.

Window Overhauls: External intrusive window surveys have been carried out in Iliffe Street & Crampton Street where there is scaffolding in place. We have completed all properties from **58-102, 104, 108, 112 & 116 Crampton Street and 49-96 Iliffe Street**, ground floor properties will have appointments arranged once scaffolding is down. If you have not had an appointment made, Vicki Sheldon will be in touch in due course.

Electrical tests have been carried out to a majority of Southwark tenanted properties. Letters have been sent advising them to contact their resident liaison officer Vicki Sheldon or Charmaine Dullard to arrange a convenient appointment.

Electrical upgrades have commenced, if you have not yet received an appointment please contact either Vicki or Charmaine who will be happy to arrange a convenient appointment.

Surveys - Front entrance doors

Front door surveys have been carried out to the majority of the estate. If you have not yet had a front door survey or arranged an appointment, please contact Vicki Sheldon on the numbers provided. We will shortly be commencing pilot projects to the front doors to enable residents to see what works are being carried out to front doors.

CUSTOMER SATISFACTION SURVEY FORMS

Satisfaction Surveys will be posted to residents once their block is complete and scaffolding taken down. We would be grateful if residents could take the time to complete these.

Please Note: Residents who complete the Southwark survey form will be entered into a prize draw with the chance of winning £1000.
